[What is Smart CIS?]

Smart CIS allows for the use of the CIS Information Service not only on a PC, but also on a smartphone or iPad. We offer this very convenient service to allow our customers to Search, Check, and Apply for any vehicle at any time through their smartphone when a desired car is found on an auction site or when it is desired to check the detailed information of an auction while away from a computer.

[Smart CIS Available Service Options]

Search --You can search for any car in mind by checking the information of the vehicles auctioned at USS and tie-up sites!

-Search Manufactures

-Search Bid No.

-Search Sections

-Search Bookmarks,

-Search by Registered Conditions

-Market Price

Check --You can make inquiries for information about "My consignments," "My Bids," and "Histories"!

- "My consignments," "My Bids" data administration function

-Limits Check

-Negotiation History

-Cancellation History

Apply --You can directly apply for any desired car using your smartphone!

-Request Limit Price

- Request Negotiation

-Cancel Successful Bid

- Request Inspection

[Usage Charges/Billing Schedule/Number of Contracts]

Master contract Smart CIS 1,000 yen (tax excluded)/month (per contract)

Optional contracts Market Price 1,000 yen (tax excluded)/month (per contract)
sma-C POS 1,000 yen (tax excluded)/month (per contract)

-Once you apply for CIS, the charges start to be incurred from the month in which you completed the initial registration process on your smartphone.

-Payment for the month is deducted from the bank account registered with CIS on the 27th day of the next month (or on the next business day if the relevant financial institution is closed on the 27th).

[For example] If you complete the initial registration process for the start of service usage on Monday, November 12, 2012 (*** charges start to be incurred from this point**), the first payment (for November) will be deducted from the registered bank account on Thursday, December 27, 2012.

-Customers can apply for up to five contracts per branch. Usage charges will be incurred per contract.

[System Requirements] * As of January 2026

--Android devices (including smartphones and tablet PCs) --

Operating systems: Android 9.0 ~ 16

* Excluding for those on which you cannot set up a Google account, such as NTT DOCOMO's "Raku-Raku Smartphone" series

--iOS / iPad devices (including iPhones and iPads) --

Operating systems: iOS 15.0~26.2

[Important Notices and Agreements]

--Service in general--

Some of the services provided by the CIS Information Service are not available, *Internet Live etc.

--Available devices--

Some devices, even if listed as available, may not function properly due to inherent defects, the defective condition of the device, or its operating environment.

The service is not available on devices to which particular modifications have been made, such as rooting and jailbreaking.

--Tablet PCs--

Please note that the login screen will be displayed in landscape orientation on any tablet PC in which the default screen orientation is "landscape."

--Packet communication usage charges--

Please note that packet communication usage charge is billed based on the amount of data sent and received in this service. * We strongly recommend that you subscribe to the flat-rate packet communication service.

--Use of the service outside Japan--

Please note that CIS does not guarantee the operation (and support) of this service when it is used outside Japan.

[Basic Operation on Your Device]

Simply “tap” the screen to use each feature in Smart CIS. * Smart CIS does not respond to any other movement.

However, the “Image details” screen is the only exception where you can “pinch in and out” to zoom in and out of the image and where you can “flick” left or right to jump to the next/prior image.

■ Tapping

Touch a button or link with your fingertip once, just the same as clicking.

■ Pinching in and out

Touch the screen with your two fingers at the same time and pinch in and out to zoom in and out of the image.

■ Swipe

Swipe the screen with your finger to scroll across the images.

[Applying for Smart CIS]

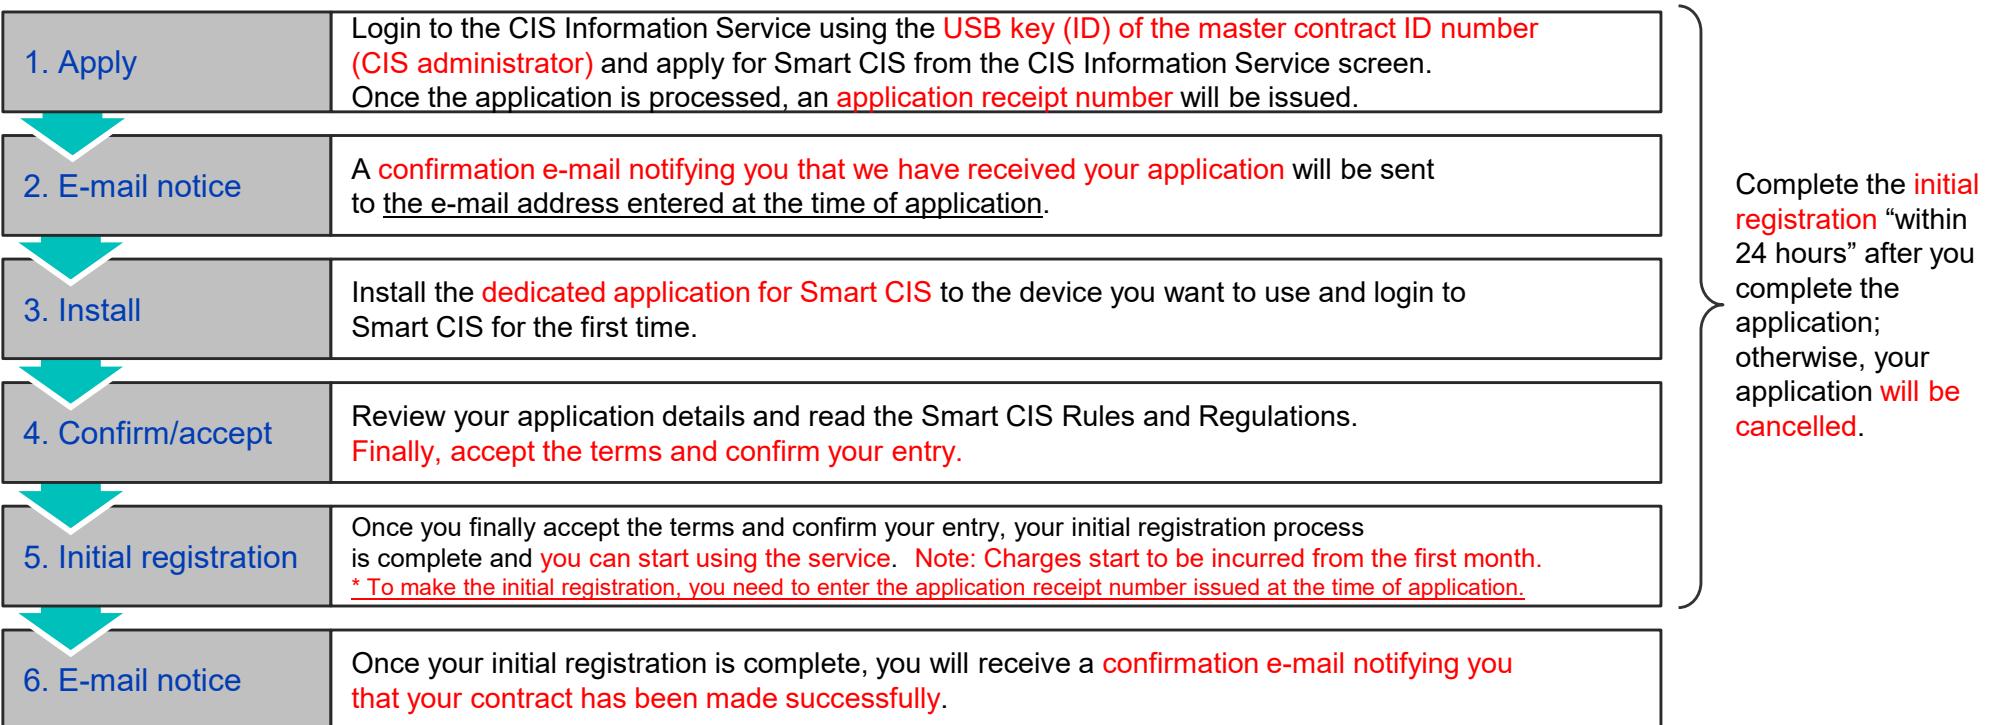

You can apply for Smart CIS by clicking the 会員情報 (Membership Information) tab from the TOP Menu of the CIS Information Service, and by then clicking the 会員情報照会 (Membership Information Inquiry) tab in the menu on the left.

Note

- To apply for Smart CIS, you need to login to the CIS Information Service using the **USB key (ID)** of the master contract ID number (**CIS administrator**) and enter the **CIS Management Password**.
- You cannot apply for Smart CIS using the USB key (ID) of the additional contract ID number (member to be managed).
- If you have not set or forgotten your CIS Management Password, you can set a new password online when applying for Smart CIS. The obtained CIS Management Password will be sent to your registered telephone number via SMS (Short Message Service).
If you have changed your telephone number, please contact the support center.

サービス一覧へ戻る 会員情報で確認する

Copyright © Carquest co., ltd. All rights reserved.

Once you confirm the information entered, click the **サービス利用申込する** (Sign up for using the service as indicated above) button.

When the confirmation message notifying that your application is complete appears, the application for using Smart CIS is completed. Once your application is complete, an **application receipt number** will be issued. Make sure to keep a record of the application receipt number, as you need the number when you make initial registration.

[How to Apply ⑤]

8. After you complete the application

Once your application process is complete, a **confirmation e-mail notifying you that we have received your application** will be sent to the e-mail address entered at the time of application.

However, you are not yet ready to use Smart CIS at this point, even if you have completed the application process. To use the service, you must complete the initial registration.

* You need to enter your **application receipt number** to make the initial registration.

Install the dedicated application for Smart CIS onto the device you want to use. Finally, accept the Smart CIS Rules and Regulations, and confirm your entry. This completes your initial registration, and you can start using Smart CIS.

=> Follow the steps given in the **confirmation e-mail notifying you of receipt of the application** that will be sent once your application is completed.

Notes

- You are not yet ready to use Smart CIS at this point, even if you have completed the application process.
- **Install the dedicated application for Smart CIS onto the device you want to use. Finally, accept the Smart CIS Rules and Regulations, and confirm your entry. This completes your initial registration, and you can start using Smart CIS.**
- Complete **initial registration** "within 24 hours" after you complete the application process; otherwise, your application **will be cancelled**.

[How to Install the Dedicated Application: For Android Devices]

Before using this service (Smart CIS), you need to install the dedicated application on your device. The location to be installed varies depending on the type of device you use (iOS or Android). Follow the steps given in the confirmation e-mail notifying you that we have received your application, titled **“Notification of receipt of the application for using Smart CIS”**, which will be sent once your application is completed. Then, you will be directed to the location where you can download the application.

Download the app on Android using the Google Play

Tap the URL for Android devices as listed in the confirmation e-mail, titled **“Notification of receipt of the application for using Smart CIS.”**

You will be directed to a page showing the details of the "Smart CIS" application in the Play Store. Tap the **インストール (Install)** button.

Tap **開く(Open)** to launch "Smart CIS".

Tap the **許可(Authorize)** button. You cannot launch the application without authorization

* This information is used only to identify your terminal used for Smart CIS, and not to make phone calls or check your calls.

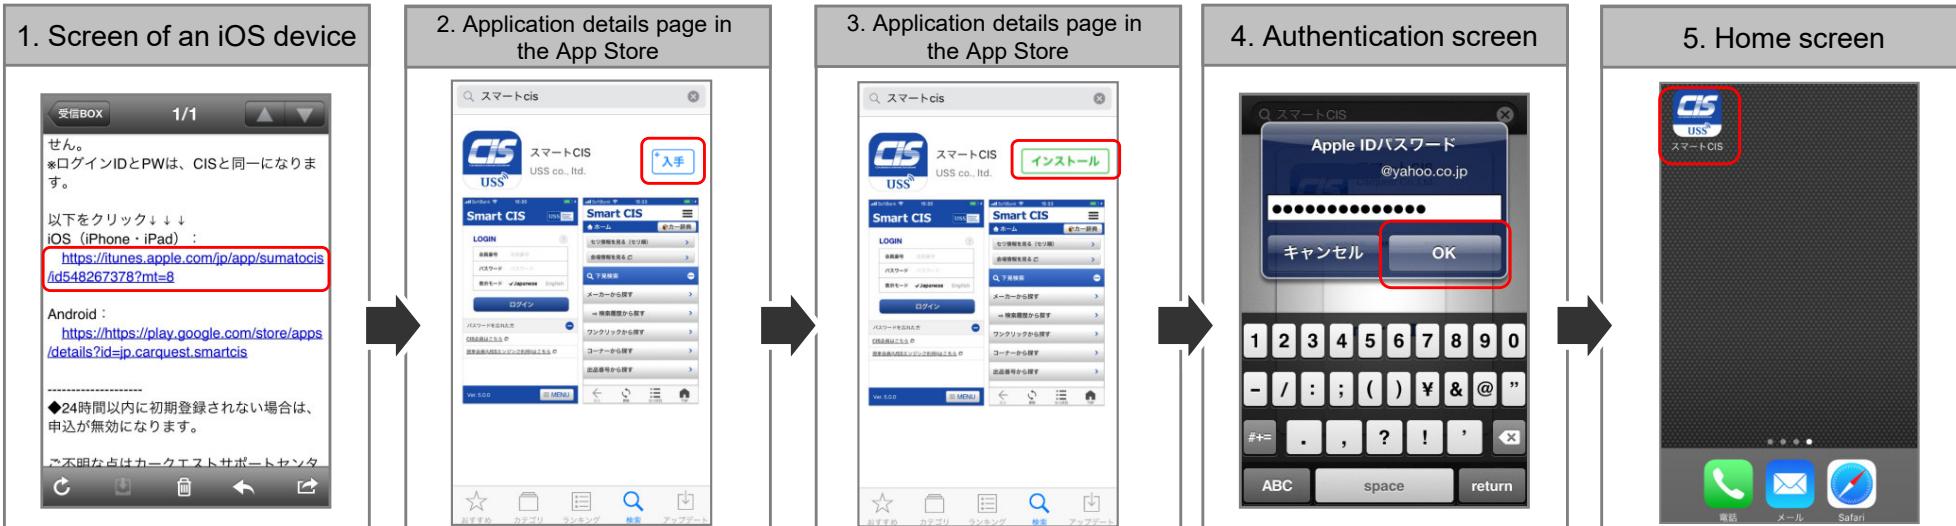

-If you do not receive a confirmation e-mail because of spam filters, etc., search for "Smart CIS" directly in the Play Store and then install the application.

[How to Install the Dedicated Application: For iOS Devices]

Before using this service (Smart CIS), you need to install the dedicated application on your device. The location to be installed varies depending on the type of device you use (iOS or Android). Follow the steps given in the confirmation e-mail notifying you that we have received your application, titled **“Notification of receipt of the application for using Smart CIS,”** which will be sent once your application is completed. Then, you will be directed to the location where you can download the application.

Download the app on iOS using the App Store

Tap the URL for iOS devices listed in the confirmation e-mail, titled **“Notification of receipt of the application for using Smart CIS.”**

You will be directed to a page showing the details of the “Smart CIS” application in the App Store. Tap the **入手 (obtain)** button.

Then, tap the **インストール(INSTALL)** button.

If you are asked to enter your Apple ID password, enter your password and then tap the **OK** button.

If you have not yet signed in, enter your Apple ID and password to sign in.

When you see the application icon on the screen, it means that the installation is complete.

Tapping the icon will start “Smart CIS.”

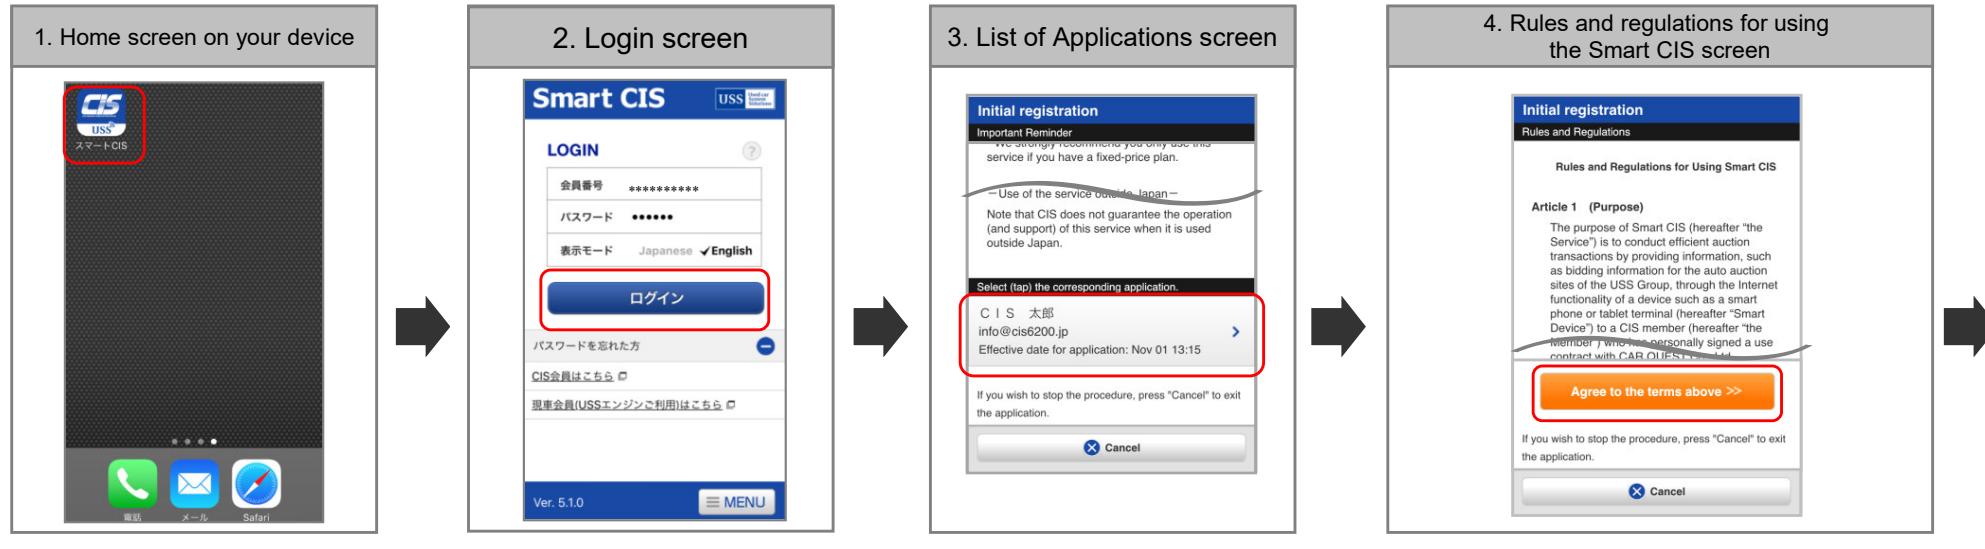

Note

-If you do not receive a confirmation e-mail because of spam filters, etc., search for “Smart CIS” directly in the App Store and then install the application.

[How to Complete Initial Registration ①] * Initial registration is required for using Smart CIS.

You are not yet ready to use Smart CIS at this point, even if you have completed the application process. To use the service, you must complete initial registration. Follow the steps below to complete initial registration.

Tap the Smart CIS icon.

Enter your membership number and password. Then, tap the **ログイン(login)** button.

A list of applications you are newly applying for will appear. Tap the **申込情報(Application Details)** of the corresponding application.

Check the Rules and Regulations for Using Smart CIS. Then, tap the **Agree to the terms above** button.

-Complete the **initial registration** "within 24 hours" after you complete the application process; otherwise, your application **will be cancelled**.

[How to Complete the Initial Registration ②] * Initial registration is required for using Smart CIS.

You are not yet ready to use Smart CIS at this point, even if you have completed the application process. To use the service, you must complete initial registration. Follow the steps below to complete initial registration.

Group all selected vehicles

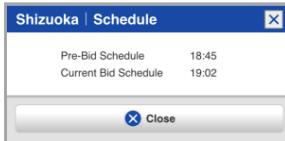

Register to your Bookmarks

Tokyo 1000(Oct 23, 14) Bid No. 20004

You can group the selected checkmarked vehicles and register them to your bookmarks.

[Basic Procedures - Preliminary Inspection ④]

POINT!

If the “Result” status is shown as “non Auction” on the bid day, you can check the estimated bidding schedule at this time.

On the “Image details” screen, you can pinch out to zoom in on the image.

7. “Details of vehicle” screen

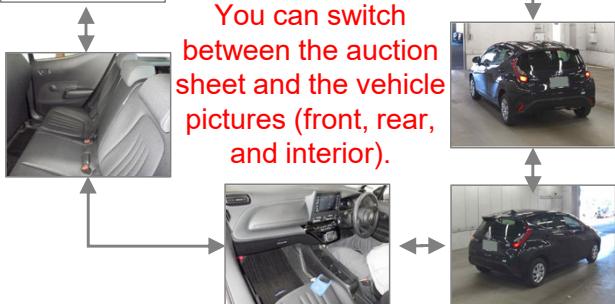

The “Details of vehicle” screen is displayed. On this screen, you can check the vehicle/image details, request limit price/start negotiations, view recent prices, or check the estimated bidding schedule at this time (if the Result status of the vehicle is shown as “non Auction” on the bid day). Furthermore, if you tap the image, the “Image details” screen will appear, where you can zoom in on the image.

POINT!

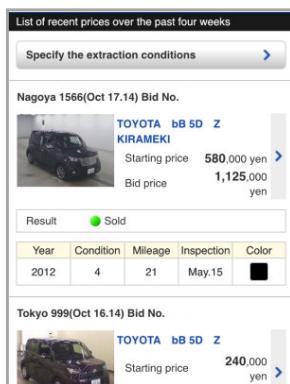

The “Request Limit Price” button, “Negotiation” button, and “Register to your Bookmarks” button will appear depending on the bid status (before or after the auction).

POINT!

You can switch between the auction sheet and the vehicle pictures (front, rear, and interior).

POINT!

You can check the recent prices of vehicles similar to the one currently displayed in the “Details of vehicle” screen.

Site covered: USS site
Period covered: Over the past 4 weeks

[Basic Features Description - Market Price]

There are three methods to search for market price:

- Search Manufacture: search by selecting the site, manufacture, and vehicle model
- History: search from history of manufacture search
- Search Bid No.: search by specifying the site and bid number

#: If you do not have a contract of market price option, the tab for switching to market price search will be grayed out and unavailable.

[Basic Procedures – Market Price ①] * The following explanation is for the “Search Manufactures” menu

1. “HOME” screen of Smart CIS

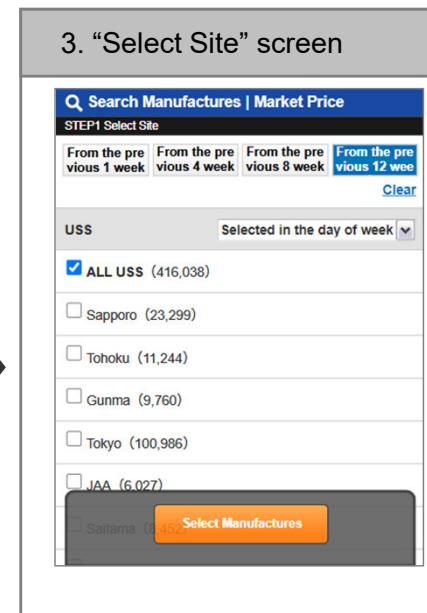

Tap (press) **Market Price** button.

2. Market Price

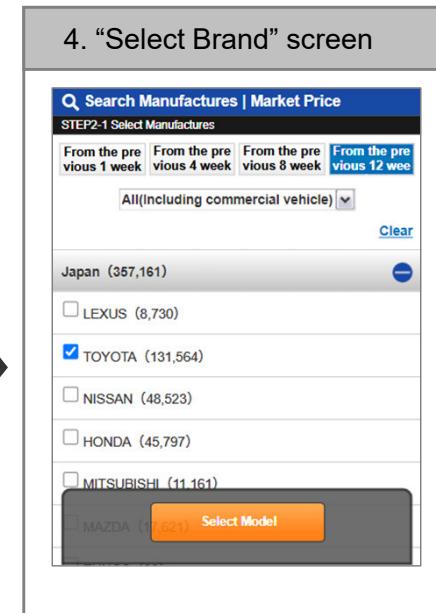

Tap the **Search Manufactures** button.

3. “Select Site” screen

Tap to select the sites you want to search. Once the sites you selected are checkmarked, tap the **Select Manufactures** button.

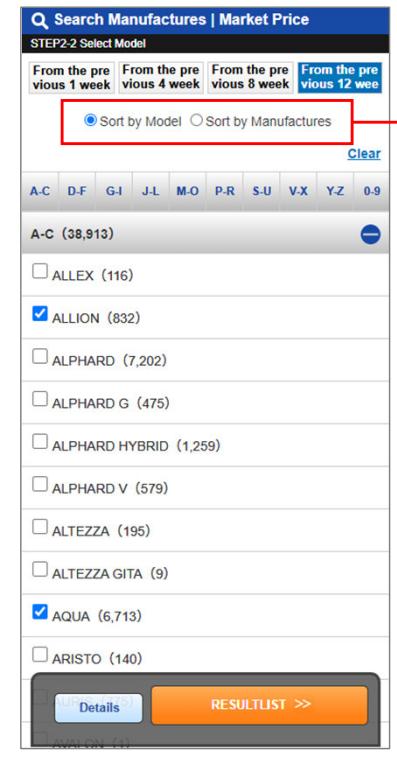

4. “Select Brand” screen

After you select the site, you will be directed to the “Select Brand” screen. Select any Manufactures of interest, and then tap the **Select Model** button.

Rules and Regulations for Using Limit Price

To check the details, log in to the CIS Information Service (PC version), and then check the item "CIS Regulation" listed at the top of the screen.

About Limit Price invalidation

Even if the Limit Price is accepted normally, it will be rendered invalid in the following cases (meaning that you cannot make a successful bid).

1. A correction has been made and the correction button was pushed in the conductor room at the Site (regardless of whether the Correction sheet has been prepared)
 - * The decision to "push" or "not push" the correction button is left to the discretion of the conductor room at the Site.
2. The bidding limit has been exceeded
 - * You cannot make a successful bid at a price over the bidding limit. Make sure to note the bidding limit when you register the Limit Price.
3. Failure with the equipment at the Site (such as the bidding machine, equipment related to the Limit Price, and the communication lines)
4. The Limit Price is registered immediately before bidding (a few minutes before)
 - * The Limit Price may be rendered invalid even if the result is "Normal Reception".
 - * Please register approximately 30 minutes before bidding begins.

When "the request for Preliminary Inspection Agent Service is now complete." is shown, the application is complete.

Note

*The limit price registration fee will be charged once you join the bidding even if you could not win a bid.

*If the registered limit price becomes invalid owing to any correction being made for the vehicle you registered the limit price for, the limit price registration fee will not be charged.

*The predetermined successful bid fee will be charged if you win a bid by the limit price.

*If you make a bid immediately before the bidding start, your registered limit price may become invalid.

Register your limit price at least 30 or 40 minutes before the start of bidding.

*The limit price is to be reregistered in units of 1,000 yen.

*The limit price must not be lower than the starting price.

*Be sure to check the reception status from "My Auction -> View history of Limit Price".

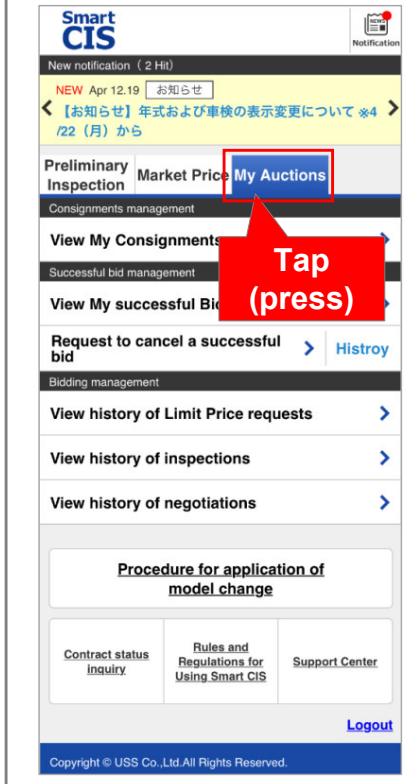

*The reception status will change from "request reserved" to "request processed successfully" at the timing below.

When the limit price is registered by the day before the auction, the status will change at 7:30 on the auction day at the earliest or at the start of bidding at the latest.

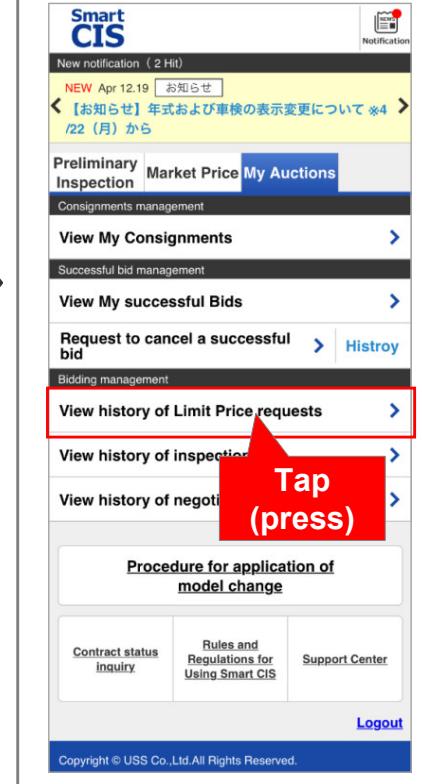

When the limit price is registered on the auction day, the status will usually change within a few minutes.

[Basic Procedures – Change the Limit Price① –]

5.Rules and regulations screen

Request negotiation

Explanation, Restrictions

Negotiation refers to negotiating for buying and selling unsold vehicles with proposals of purchase price. Use the negotiation service in a case where you were not able to join bidding or a vehicle was unsold in bidding, but you still want to buy the vehicle.

<Important> Check the following before making a request.

Explanation

- Application
 - First check the description in the auction sheet as well as the rules and regulations, then request negotiation by the deadline for accepting negotiations set by each site.
 - Click here for negotiation business hours at USS sites
 - Click here for negotiation business hours at tie-up sites
 - You can only request for negotiation once for a vehicle. Be sure to carefully confirm that the purchase price you are proposing is correct, then propose the final price you can pay for the vehicle. However, the USS Nagoya and USS Okayama sites allow you to change the negotiation price for a vehicle.
 - The request for negotiation itself cannot be cancelled, so carefully check if there is anything that needs correction before making the request.
- Checking of the history of negotiations
 After requesting for negotiation, check the history of negotiations. To check the history of negotiations/Buy-it-now offers

Plus. Service Usage Password

Request Inspection

Enter the Service Usage Password

In order to use the service, you need to enter the Service Usage Password. Please enter the password in the following.

If you obtain a password anew, click [here](#).

Cancel To the next >

When the screen to enter the password for using the Preliminary Inspection Agent Service is displayed, the Preliminary Inspection Agent Service usage restriction is set to <Yes (password required)>. You must enter a password to use the service.

3. Rules and Regulations screen

Request Inspection

Rules and Regulations for Using Inspection

To check the details, log in to the CIS Information Service (PC version), and then check the item "CIS Regulation" listed at the top of the screen.

About Inspection requests

This service allows the agent at the site to conduct preliminary inspections of on-site vehicles on behalf of a member and report the inspection results to the member via phone or by sending images via e-mail.

Please use this service when you are in the following situations:

Example 1) Unable to go to the site
Example 2) Plan to perform preliminary inspections of multiple vehicles, but want to reduce the time
Example 3) Want to receive the preliminary inspection report on the preceding day to have adequate time

[Explanation]

Read more
Cancel To the next >

Check the rules and regulations, and then tap the **To the next** button.

[Basic Procedures – Requesting Inspection ② –]

4. Select a package and options

Request Inspection
Selecting a package or options

1) Bid No.:
TOYOTA ESTIMA SD AERAS VERY EDITION
Starting Bid 1,500,000 yen

Package selection **Required**
Please check the package(s) you want. (more than one package can be selected)

Interior and Exterior Package 1,000 yen
 Engine and drive package 1,000 yen
 Pictures Package (Select any course.)
 Fixed cuts course (Portions prescribed by our company) **NEW** 2,000 yen
 Six freely selectable portions course (Taking pictures of your desired six portions) **NEW** 2,000 yen
 Three freely selectable portions course (Taking pictures of your desired three portions) 1,000 yen

The sections to be photographed
ステアリング
Up to 15 characters

Up to 15 characters
500 yen

Total Amount(tax excluded) : **1,500 yen**

[Restrictions]

1. Items that are NOT covered by the preliminary inspection
 - i) Preliminary inspections involving operation checks for added parts and components;
 - ii) Preliminary inspections while the truck cabin is lifted up;
 - iii) Preliminary inspections performed by climbing into the bed (rear body) of special-purpose vehicles, such as trucks;
 - iv) Preliminary inspections performed by opening covers;
 - v) Checks for the clutch condition (slipping, etc.);
 - vi) Checks for the MT (Manual Transmission) condition;
 - vii) Checks for the opening and closing of the roofs for open cars (including opening and closing operation the auto free top, etc.);
 - viii) Preliminary inspections for operations not listed in the application or those that involve gunning the engine;
 - ix) Checks for accessories and operation of function switches, etc. (e.g. Checks for one-seg or full-seg);
 - x) Identification of failures, malfunctions, or repaired parts that are not listed in the auction sheet;
 - xi) Preliminary inspections for conditions where the power is at the ACC or ON position or the engine is running; (for vehicles with an evaluation score of ****)
 - xii) Preliminary inspection by opening and closing the radiator cap.
2. We may decline your request in some circumstances if our agent determines that specific tasks cannot be carried out.
3. We will take pictures of the target portions which you have entered for the Three freely selectable portions course or the Six freely selectable portions course. No picture will be taken if you do not enter any target. The prices are fixed for each course regardless of the number of pictures actually taken.
4. No cancellations or changes can be made after the application is sent.
5. Pictures Package and options
 - 1) Please be aware that minor defects including scratches and dents may not be visible in the picture.
 - 2) Please note that if the sections (for which you would like pictures to be taken) were not clearly specified, we may not be able to provide you with pictures that satisfy your request.
 - 3) We will not take pictures of similar locations again. We will also not resend pictures that have already been sent.
 - 4) In the Pictures Package service and options, the number of pictures to be provided ranges from 1 to 4 per section specified.

To the next >>

Select one or more packages your desire.

When you selected the Six freely selectable portions course or the Three freely selectable portions course, enter your target portion for shooting.

* If you selected all packages, optional items other than pictures are not displayed.

* The Pictures Package is available on the sites of USS Yokohama, R-Nagoya, Sapporo, Kobe, HAA Kobe, Tokyo, Nagoya, Osaka, and Kyushu only.

When your selection is complete, tap the **<To the next>** button.

5. Enter contacts

[Basic Procedures – Requesting Inspection ③ –]

7.Completed screen

Request Inspection

Inspection request complete

The request for Preliminary Inspection Agent Service is now complete.
Our agent will provide you with the preliminary inspection results at least one hour before the scheduled start time of the bid.
Wait for answer from our agent.

If you applied for image package
We will provide images of the specified sections at least one hour before the scheduled start time of the bid.

The application information can be checked by the following.

1. We will send the URL to view the pictures to the specified email address.
2. Access the Smart CIS and select the "View history of inspections" from the My Auctions menu.

If you apply for the Preliminary Inspection Agent Service to be executed on the day before the auction (including Pictures Package and options), our preliminary inspection agent will contact you or provide images within three hours after the application is received.

Please wait for the agent to contact you.

* CAUTION *

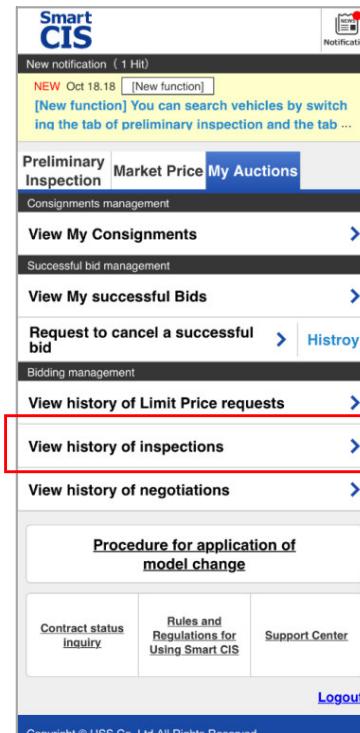

1. Preliminary inspection results are to be reported by section.
2. If you are not notified of the requested preliminary inspection results from the preliminary inspection agent even after the due time for notification has passed, please contact the CIS support center.

[To the details](#)[View a list](#)

Copyright © USS Co.,Ltd. All Rights Reserved.

When a screen indicating completion of application for Preliminary Inspection Agent Service is displayed, the application is complete.

Plus.View history of Inspections

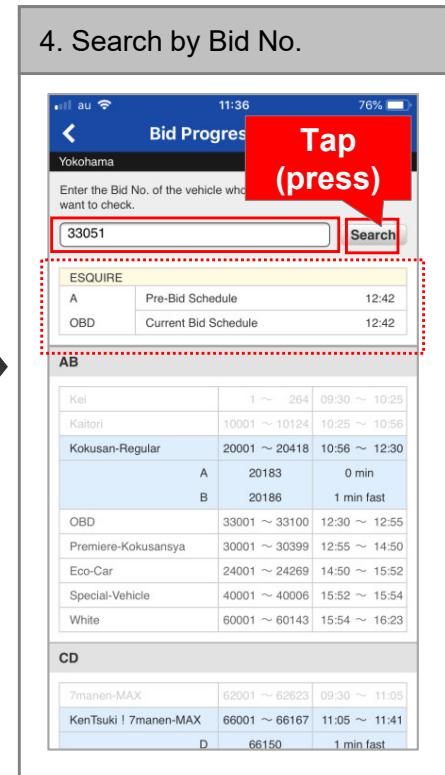

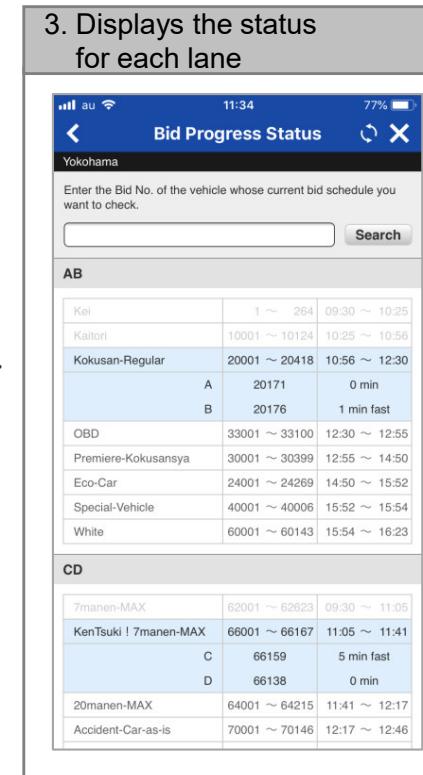

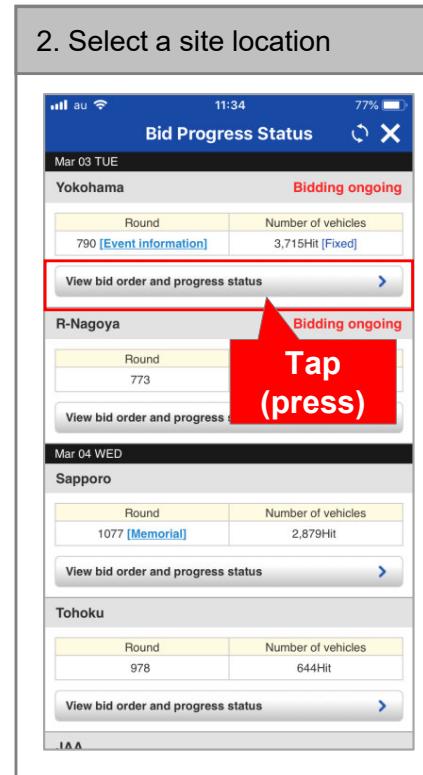

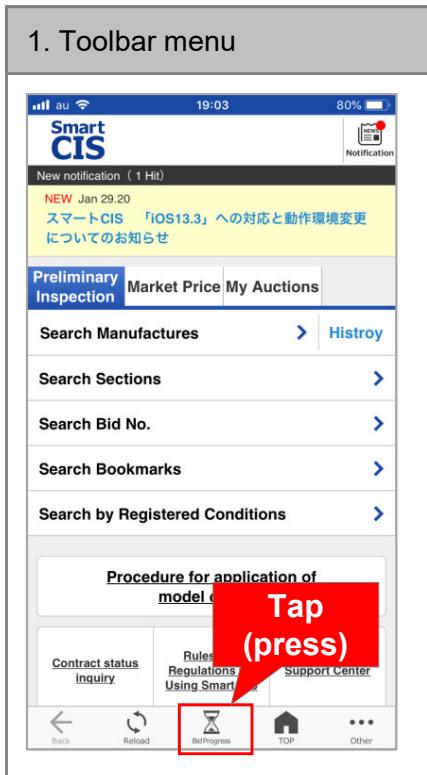

History of the Preliminary Inspection Agent Service you applied for can be checked from **<View history of Inspections>** in the TOP screen! You can also check the images of preliminary inspection results from here.

The period for which you can check the images is 15 days from the auction day.

Note

- Be sure to confirm all of the Rules and Regulations, Important Reminders, and Restrictions before application.
- "Change, addition, or cancel" cannot be accepted once the application is made, so check your entries carefully before applying.
- Preliminary Inspection is not available for some corners such as the special-purpose vehicle corner.
- At some sites, the application for Preliminary Inspection cannot be submitted for unrepainted vehicles that suffered accidents or for vehicles without scores.
- Results of Preliminary Inspection will be reported not in the order of application, but rather in the order of section.
In principle, a preliminary inspection agent will contact you one hour or more before the start of bidding.
- If you do not receive any contact from a preliminary inspection agent by one hour before the start of bidding, please contact the CIS support center.
- With regard to preliminary inspections executed on the day before auction, a preliminary inspection agent will contact you within 3 hours after the application, in principle.
- If you do not receive any contact from a preliminary inspection agent even when 3 hours or more have passed after the application, please contact the CIS support center.
Preliminary Inspection on the day before auction is not available for the Shikoku corner of HAA Kobe and the Kagoshima site corner of Kyushu. Therefore, the Preliminary Inspection will be carried out on the day of auction and the results will be reported on that day.
- The images of your successful bid vehicles are downloadable only from the CIS Information Service (personal computer version).
Images are not downloadable from the Smart CIS.

[Basic Procedures – How to check the Bid Progress Status –]

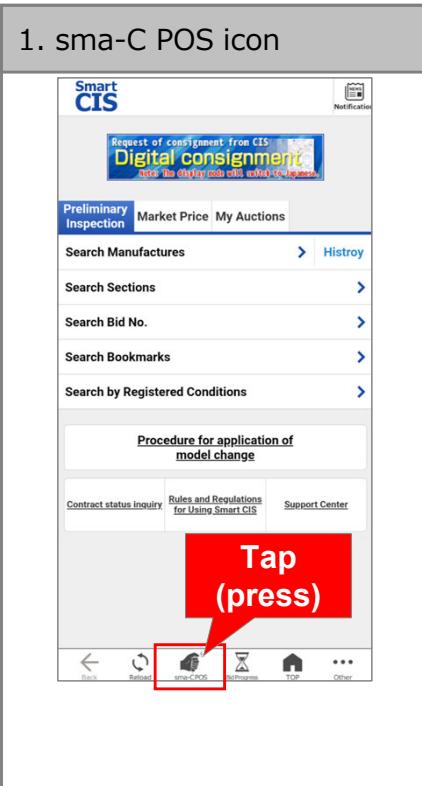

Tap the <Bid Progress> button.

Tap the <View bid order and progress status> button for the site location you want to check.

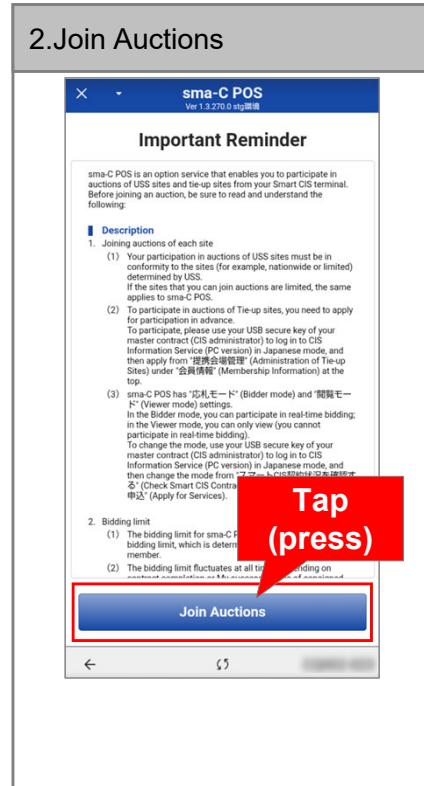

You can check the current status of each lane.

Enter the Bid No. of the vehicle you want to check, and then tap the <Search> button.

[Basic Procedures – How to Start sma-C POS –] *Make sure that the Smart CIS application is version 6.0 or higher.

Tap the **<sm-CPOS>** button.

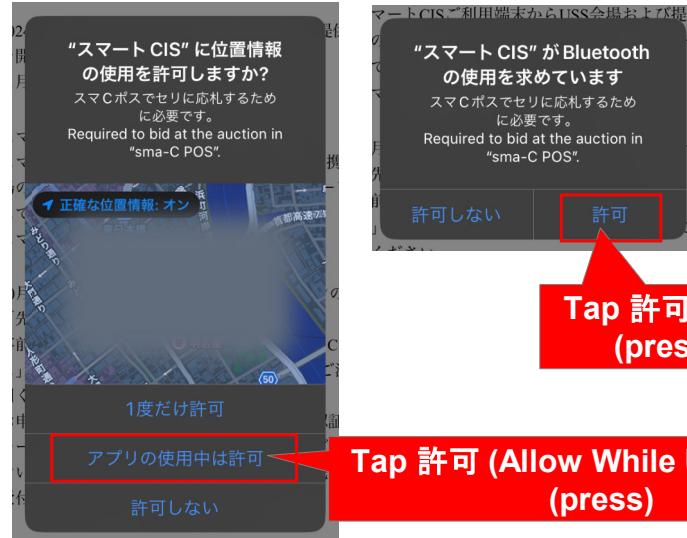

Tap the **<Join Auctions>** button.

- * Before joining the auctions, be sure to read the following:
 - CIS regulations
 - Rules and regulations of each auction site
 - Important Reminders and Restrictions

Note

- If a screen for allowing the use of Bluetooth or Location Services appears when you start sma-C POS (for example, when you open sma-C POS for the first time), be sure to select <許可> (OK or Allow While Using App).

**Tap 許可 (OK)
(press)**

**Tap 許可 (Allow While Using App)
(press)**

* If you select <許可しない> (Don't Allow), you will not be able to use sma-C POS to bid.

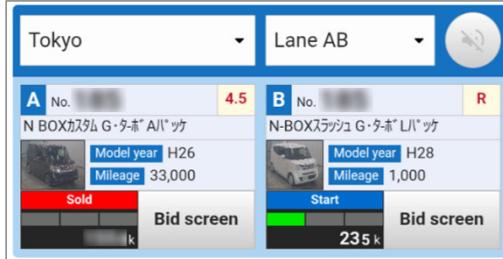

If you select <許可しない> (Don't Allow) by mistake, you can uninstall and reinstall the Smart CIS application to display the settings screen again. To change in the Settings menu on the terminal where you are using Smart CIS, open the Settings menu for the Smart CIS application from the application list, and then turn on Location Services and Bluetooth.

On your terminal, open Settings > application list > the settings of the Smart CIS application, and then turn on Location Services and Bluetooth.

[Basic Procedures – sma-C POS Relay Screen –]

Displays information of the current status of auctions held on each site, such as changes to auction start times

-Site selection

Selects a site of the day from the drop-down menu

-Selection of a section

Selects a desired lane from the drop-down menu

-Speaker button

Selects <ON> or <OFF> for the audio

-Bid screen

Switches to the Bid screen

Bid screen

- Return button

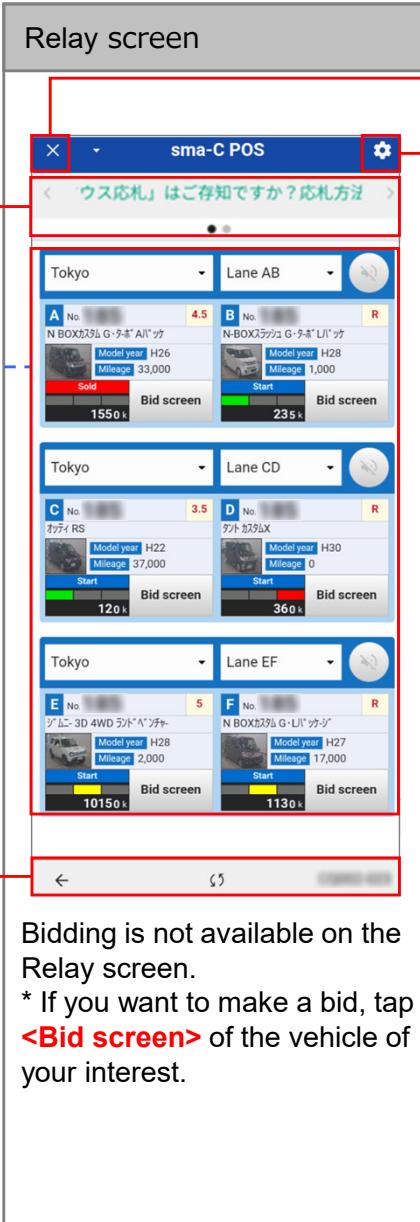

Returns to the previous screen

- Refresh button

Refreshes the screen

- Membership number

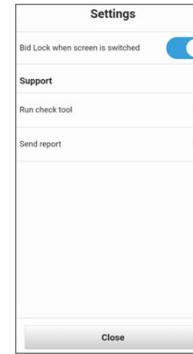

Displays the membership number that you are currently using

Bidding is not available on the Relay screen.

* If you want to make a bid, tap <Bid screen> of the vehicle of your interest.

Closes the sma-C POS screen, and returns to the Smart CIS screen

-<ON>/<OFF> button for Bid Lock when screen is switched.

Enables/disables Bid Lock when screen is switched.

-<Run check tool> button

Checks and sends the usage of the terminal About check result.

If the overall evaluation shows the following message, bidding is not available.

Overall evaluation

The environment is inadequate for using sma-C POS.

* Keep in mind that the check result is a guide only and does not guarantee actual operation or bidding.

-<Send report> button

Sends the operation log of the past 10 days

[Basic Procedures – sma-C POS bid screen –]

-Speaker button
Selects <ON> or <OFF> for the audio.

Adjust the volume on your terminal.
When selecting <ON>, disable the silent mode or vibrate mode of your terminal.

-<ON>/<OFF> button for Bid Lock
Enables/disables Bid Lock.

- * When Bid Lock is enabled, "Bid locked" is displayed on the Bid button.
- * When you disable Bid Lock, "Bid" is displayed on the Bid button.

-Vehicle information

The venue name, lane, auction number, car model name, year, mileage, vehicle inspection, and evaluation score will be displayed.

-Vehicle pictures

Shows two vehicle pictures and an auction sheet.

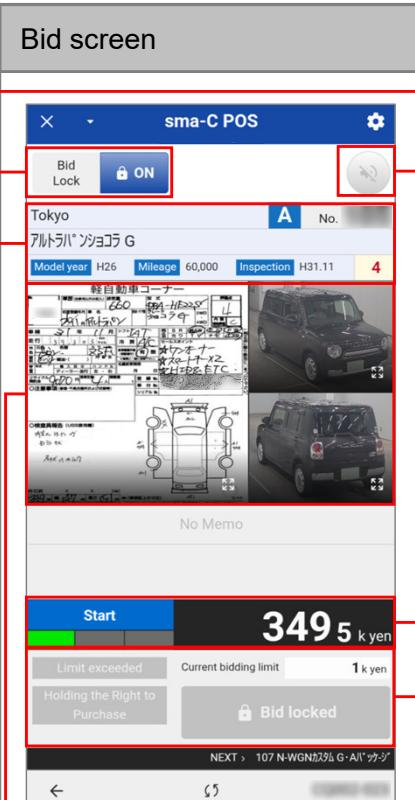

- * You can tap an image icon to enlarge the image.

-If there is a correction sheet, you can enlarge it to confirm the correction details.

-For your consignment vehicles, the matrix indicator is displayed at the lower part of the auction sheet. The matrix indicator shows the number of bidders for your consignment vehicle (as a guide only).

- * This is not a price adjustment function.

Displays the details screen, and allows you to make a bid for the vehicle

- * Only single-lane bidding is available for sma-C POS.
- * Bids cannot be placed for your consignment vehicles ("Own" is displayed next to the price).
- * Bidding is not available if the contract is made for the Viewer mode.

Auction status, no. of bidders, and price

-Auction status
Displays the status of the current auction.

Start	Sell-off
Un sold	Sold

[Basic steps from the start of bidding to a successful bid]

1. When the auction starts, "Start" lights up.
2. When the asking price by the exhibitor is passed, "Sell off" lights up.
- * If the bidding does not reach the asking price, "Un sold" lights up.
3. If you win the bid, "Sold" lights up.

-No. of bidders (as a guide only)

Displays the number of bidders:

Green: Three or more people,

Yellow: Two people,

Red: One person

- * Before selling off, this might light up even when there is no bidder.

-Price
Displays the current price.

Limit exceeded, holding the right to purchase, bidding limit, and Bid button

-Limit exceeded

If your bid exceeds the bidding limit, the lamp lights up.

-Holding the right to purchase

While you are holding the right to purchase, the lamp lights up.

-Bidding limit

Displays the current bidding limit.

-Bid button

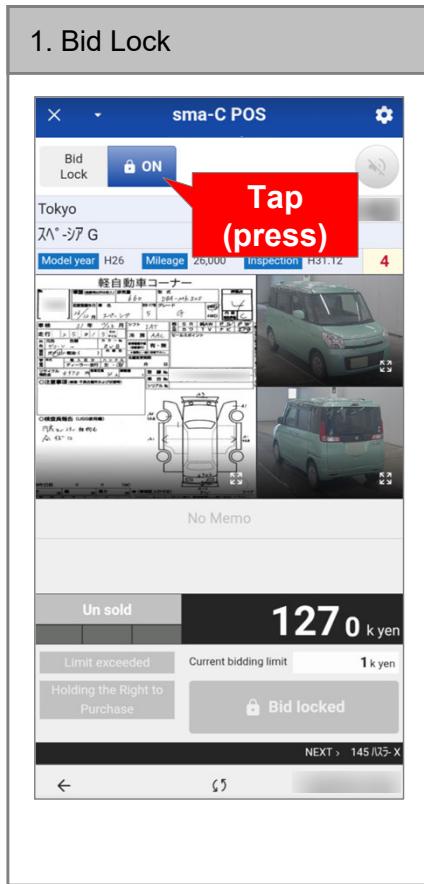

The display of the Bid button varies depending on the Bid Lock status.

- * Lights up in yellow when the Bid button reacts

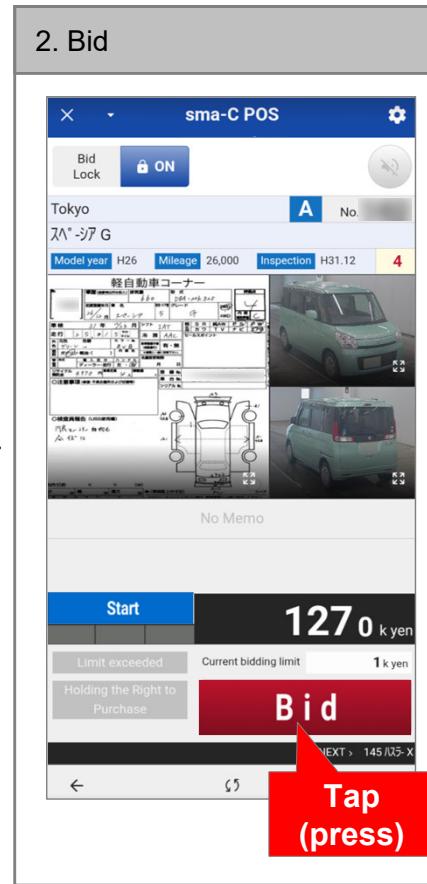

[Basic Procedures – How to Bid Using sma-C POS –]

If Bid Lock is **<ON>**, switch to **<OFF>**.

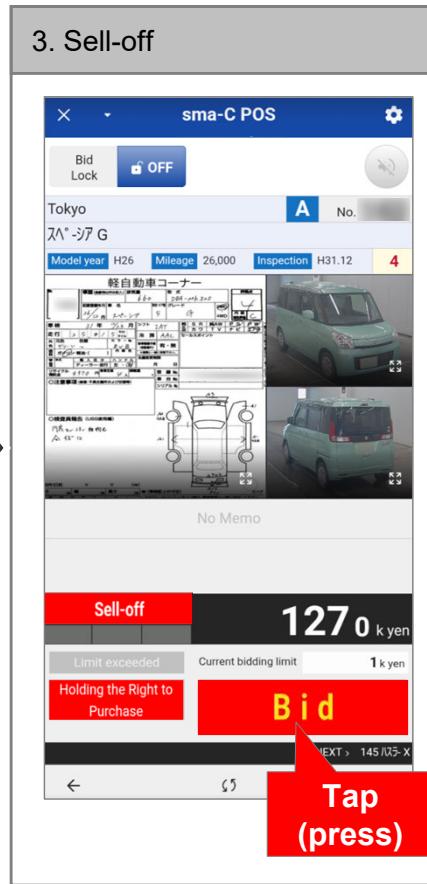

- * When Bid Lock is disabled, the display of the Bid button will change from "Bid locked" to "Bid".
- * If you have a contract for the Viewer mode, Bid Lock cannot be disabled.

Continue to tap the **<Bid>** button until the desired purchase price.

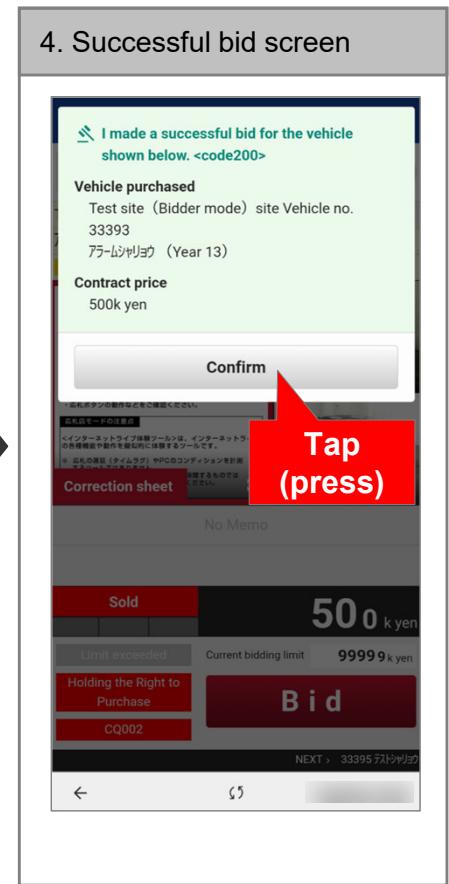

- * The Bid button lights up in yellow when it reacts.

B i d

For sell-off, the **<Sell-off>** lamp lights up; when you are holding the right to purchase, the **<Holding the Right to Purchase>** lamp lights up.

- * Continue to tap the Bid button even after holding the right to purchase as the price will not go up unless there are other bidders.

The successful bid screen appears if you win the bid.

- * You need to tap the **<Confirm>** button to switch the screen.

[How to Apply for Add-ons ①]

Applying for Smart CIS

You can apply for/cancel Smart CIS add-ons by clicking the **Membership Information** tab from the **TOP Menu of the CIS Information Service**, and then click the **Membership Information Inquiry** tab in the menu on the left.

Note

- To apply for Smart CIS add-ons, you need to login to the CIS Information Service using the **USB key (ID) of the master contract ID number (CIS administrator)** and enter the **CIS Management Password**.
- You cannot apply for Smart CIS using the USB key (ID) of the additional contract ID number (member to be managed)
- If you have not set or forgotten your CIS Management Password, you can set a new password online when applying for Smart CIS add-ons.

The obtained CIS Management Password will be sent to your registered telephone number via SMS (Short Message Service).

If you have changed your telephone number, please contact the support center.

1. TOP Menu screen of the CIS Information Service

サービス一覧へ戻る 店舗情報で確認する

Copyright © Carquest co., ltd. All rights reserved.

The confirmation message appears, notifying that your application is complete. Your application has been completed. As soon as you complete the application procedure, you can start using the service.

[Applying for a Change of Registered Smartphone Model]

You can apply for a change of registered smartphone model for Smart CIS from the terminal you have used up to then.

Access "Smart CIS Login >> 会員情報[Membership Information] >>ご契約内容を見る（機種変更など） [Check Contract Details (model change, etc.)]".

You can also apply from the CIS Information Service by accessing

"CIS Information Service TOP screen >> 会員情報[Membership Information] >> Check スマートCIS 契約状況を確認する[Smart CIS Contract Details]".

! Note

- If you exchange your smartphone for the one already registered within a month and you are applying for a change of registered phone model, you will see an error message and will be unable to complete the application. In such case, please contact the CIS Support Center.
- Application for a change of model cannot be made from the USB secure key (ID) of an additional contract (membership managed by the CIS administrator).
- To apply for a change of model by logging in with the USB secure key (ID) of the master contract (CIS administrator), a CIS Management Password is required.

If you have not set or forgotten your CIS Management Password, you can set a new password online when applying for Smart CIS.

The obtained CIS Management Password will be sent to your registered telephone number via SMS (Short Message Service).

If you have changed your telephone number, please contact the support center.

[Steps to Apply]

1. Apply

If you are going to apply for model change by logging in using the USB key (ID), the CIS administration password is required.

2. E-mail notice

A confirmation e-mail notifying you that we have received your application for a change of registered model will be sent to the e-mail address entered at the time of application.

3. Install

Install the dedicated application for Smart CIS onto the new device that you want to use the service with, and then login for the first time.

4. Confirm/accept

Confirm the application details and Rules and Regulations for Using Smart CIS, and then enter the "申込受付番号(Application receipt number)" written in the e-mail, and finally accept the terms and confirm your application for a model change.

5. Registration of model change

Once you finally accept the terms and confirm your entry, your registration of the change of model process is complete and you can start using the service.

6. E-mail notice

Once the registration of the change of model is complete, you will receive a confirmation e-mail.

Complete the registration of the change of model "within 24 hours" after you complete the application; otherwise, your application will be cancelled.

[Procedure for Model Change Application from Smart CIS ①]

1. Smart CIS login screen

On your terminal before the change, change the display mode to Japanese, and log in to Smart CIS.

2. TOP screen

Tap "会員情報(Membership information)", and then tap "機種変更申込の手順(Procedure for model change application)".

3. Contract details

Tap "機種変更する(Register model change)".

4. Important reminder

Tap "次へ進む(Go to next)".

5. Enter application details

Change the user name and mail address as necessary. Enter the applicant, and tap "確認画面へ進む(Go to the confirmation screen)".

【 Procedure for Model Change Application from Smart CIS ②】

6. Check application details

Tap "申込む(Apply)>>".

7. Model change application complete

Make sure you check the application receipt number.

8. Final check of registration details

On your new terminal after change, install the CIS-dedicated application, and log in.

After logging in to Smart CIS, check "Important Reminder" and "Rules and Regulations", enter the application number, and then tap "Register model change >>". Now the procedure is complete.

* You can log in in the English mode.

機種変更申込

ご契約中の「スマートCIS」を利用する端末の変更ができます。
機種変更をされた際や、端末が故障した際の代替機での利用時、故障・交換などで端末が変わった際などにお手続きが必要です。

【説明】
動作環境 ※2015年10月時点
(1) Android端末(スマートフォン・タブレット)
Android2.2~6.0のOSを搭載した端末
(2) iOS端末(iPhone・iPadなど)
iOS5.0~9.1のOSを搭載した端末

【流れ】
機種変更手順

【注意事項】
1. 申込・機種変更登録
(1) 指定から送信するメールは、「info@cis6200.jp」のアドレスにて送信いたします。メール着信拒否設定、迷惑メール防止などの受信制限設定を行っている場合はドメイン「cis6200.jp」を受信できるようにしてください。
(2) 申し込み後、24時間以内に機種変更登録を行ってください。24時間以内に機種変更登録が完了しない場合、機種変更申込は自動的にキャンセルとなります。
(3) 利用実績がある端末へ、機種変更することはできません
2. 動作環境
(1) 最新の機種・バージョンは動作検証中である可能性がございます。必ず、動作環境とお使いの端末を確認のうえ、お申込みください。
(2) 日本国内の通信事業者が取り扱う端末、およびOS提供元(Google・Apple)が販売する端末以外は動作対象外です。
(3) ドコモ「らくらくスマートフォン」などGoogleアカウントが取得できない端末は動作対象外です。
(4) 端末動作の問題、回線環境等により、一部正常に動作しない場合があります。
(5) 一部改修を行った端末(root化・ Jailbreakなど)は動作対象外です。
(6) 海外での動作は保証(サポート含)しておりません
3. データ通信料
本サービスは、データ送受信によりパケット通信料が発生します。

機種変更申込する

Copyright © Carquest co., ltd. All rights reserved.

Enter the name of the “User” and the “E-mail address” that you want to use with the new device.

Enter the name of the “Applicant,” and then click the **確認画面へ進む** (Next) button.

Once you confirm the information entered, click the **機種変更申込する** (Apply for a change of registered model as indicated above) button.

[Procedure for Model Change Application from the CIS Information Service ⑤]

8. Application Completed screen

The confirmation message appears, notifying that your application is complete. Your application has been completed.

9. After you complete the application

Once your application process is complete, a **confirmation e-mail** **notifying you that we have received your application for a change of registered model** will be sent to your e-mail address you entered at the time of application.

However, you are not yet ready to use Smart CIS with your new device at this point, even if you have completed the application. To use the service with a new device, you must complete the registration of the change of model.

Install the CIS-dedicated application onto the new terminal after change, and log in.

After logging in to Smart CIS, check the Important Reminder and Rules and Regulations, enter the application receipt number, and click "Register model change". Now the procedure is complete.

=> Follow the steps given in the **confirmation e-mail** **notifying you of the receipt of the application for a change of model** that will be sent once your application is completed.

Notes

- You are not yet ready to use the service with your new device at this point, even if you have completed the application.
- Install the dedicated application for Smart CIS to the new device. Then, finally, accept the terms and confirm your entry. This completes the registration of the model change, and you can start using the service with the new device.
- Complete the **registration of the change of model** "within 24 hours" after you complete the application; otherwise, your application **will be cancelled**.

[How to Apply for a Cancellation ①]

Applying for Smart CIS

You can apply for/cancel Smart CIS add-ons by clicking the **Membership Information** tab from the **TOP Menu of the CIS Information Service**, and then by clicking the **Membership Information Inquiry** tab in the menu on the left.

You can continue to use Smart CIS until the end of the month even after you apply for a cancellation of the service.

⚠ Note

- To apply for a cancellation of Smart CIS, you need to login to the CIS Information Service using the **USB key (ID) of the master contract ID number (CIS administrator)** and enter the **CIS Management Password**.
- You cannot apply for Smart CIS using the USB key (ID) of the additional contract ID number (member to be managed)
- If you have not set or forgotten your CIS Management Password, you can set a new password online when applying for a cancellation of Smart CIS.
The obtained CIS Management Password will be sent to your registered telephone number via SMS (Short Message Service).
If you have changed your telephone number, please contact the support center.

1. TOP Menu screen of the CIS Information Service

The screenshot shows the CIS Information Service's TOP Menu screen. The top navigation bar includes 'MODE [ENGLISH] JAPANESE', '会員情報', 'Plus One SUPPORT', 'カーゴ', 'メニュー選択', and 'ログアウト'. The main content area displays service statistics for different regions: USS横浜 (597回, 5,693台), USS-R名古屋 (580回, 3,729台), USS札幌 (884回, 3,237台), USS東北 (785回, 2,063台), USS新潟 (442回, 1,311台), USS神戸 (520回, 2,021台), USS福岡 (641回, 1,403台), LAA Shikoku (655回, 1,350台), MIRIVE (831回, 3,112台), and USS東京 (1071回, 11,346台). A large red box highlights the '各サービス申込' button in the center of the screen.

Login to the CIS Information Service using the **USB key (ID) of the master contract ID number (CIS administrator)** and click the **各サービス申込** (Membership Information) tab.

⚠ Note

- You cannot apply for Smart CIS using the USB key (ID) of the additional contract ID number (member to be managed).
